

**The Milky Way and its environment**  
gaining insights into the drivers of galaxy formation and evolution

© NAOJ

**TOPICS**

- The Milky Way as a galaxy
- The nature of the components of the MW
- The environment in which the MW lives
- The nature of MW progenitor galaxies

**SOC**

- P. Bonifacio (Observatoire de Paris)
- P. Di Matteo (Observatoire de Paris)
- E. D'Onghia (University of Wisconsin-Madison)
- Y. Dubois (IAP, Paris)
- S. Feltzing (Lund Observatory)
- M. Haywood (Observatoire de Paris)
- M. Lehnert (IAP, Paris)
- F. Matteucci (Università di Trieste)
- A. Pasquali (Universität Heidelberg)
- S. Peirani (IAP, Paris)
- N. Prantzos (IAP, Paris)
- A. Robin (Observatoire de Besançon)
- L. Sbordone (Pontificia Universidad Católica de Chile)
- D. Valls-Gabaud (Observatoire de Paris)

**LOC (IAP)**

- Y. Dubois
- J. Mouette
- M. Lehnert
- S. Peirani
- N. Prantzos
- L. Provost
- S. Tep

**Invited speakers**

- Lia Athanassoula (Marseille, France)
- Thomas Bensby (Lund, Sweden)
- Jonathan Bird (Nashville, USA)
- Jo Bovy (Toronto, Canada)
- Françoise Combes (Paris, France)
- Rosa M. González Delgado (Granada, Spain)
- Bruce Elmegreen (New York, USA)
- Filippo Fraternali (Bologna, Italy)
- Ken Freeman (Mount Stromlo, Australia)
- Eva Grebel (Heidelberg, Germany)
- Vanessa Hill (Nice, France)
- Rodrigo Ibata (Strasbourg, France)
- Kathryn Johnston (New York, USA, TBC)
- John Kormendy (Austin, USA)
- Adam Leroy (Columbus, USA)
- Piero Madau (Santa Cruz, USA)
- Ivan Minchev (Potsdam, Germany)
- Melissa Ness (Heidelberg, Germany)
